## श्रम, रोजगार और पुनर्वास मंत्रालय

(श्रम और रोजगार विभाग)

संकल्प

नई दिल्ली, दिनांक 5 अगस्त 1966

सं० एल० डब्ल्यू० आई० (1) 30(3)/65—औद्योगिक प्रतिष्ठानों में चालू विभिन्न कल्याण योजनाओं के कार्य संचालन की जांच करने और उसमें सुधार के सुझाव देने के लिए, भारत सरकार ने

एक समिति नियुक्त करने का निर्णय किया है, जो इस मामले के सभी पहलुओं पर विचार करेगी और सरकार को अपनी सिफारिशें भेजेगी।

समिति का गठन इस प्रकार होगा :—

- |   |         |
|---|---------|
| (1) श्री आर० के० मानविया  | अध्यक्ष |
| (2) श्री टी० वी० आनन्दन, सदस्य, राज्य सभा                                 | सदस्य   |
| (3) श्री पी० वासी रेड्डी, भूतपूर्व विधान-सभा-सदस्य, कुरुपा, आन्ध्र प्रदेश | "       |
| (4) श्री नयनोराम, विधान-सभा-सदस्य, चायबासा, बिहार                         | "       |
| (5) कोयला खान कल्याण आयुक्त, धनबाद  | "       |
| (6) श्री बी० बी० नाग, उप-सचिव, उद्योग और संभरण मंत्रालय                   | "       |
| (7) रेल मंत्रालय का एक प्रतिनिधि  | "       |
| (8) खान और धातु मंत्रालय का एक प्रतिनिधि                                  | "       |
| (9) श्री ए० एस० नाग, उप सचिव, पश्चिम बंगाल सरकार, श्रम विभाग              | "       |
| (10) कल्याण आयुक्त, महाराष्ट्र कल्याण बोर्ड, बम्बई                        | "       |
| (11) श्रम आयुक्त, मद्रास  | "       |
| (12) श्री राम अग्रवाल, (अखिल भारतीय निर्माणकर्ता संगठन)                   | "       |
| (13) श्री आर० लाल, (भारतीय खनन एसोसियेशन, कलकत्ता)                        | "       |
| (14) श्री बी० आई० चाको, (अखिल भारतीय औद्योगिक मालिक संगठन)                | "       |
| (15) श्री बी० बी० ट्राविड़ (इंटक)   | "       |
| (16) श्री फनी घोष, (हिन्दू मजदूर सभा)                                     | "       |
| (17) श्री के० जी० श्रीवास्तव, (अखिल भारतीय ट्रेड यूनियन कांग्रेस)         | "       |

अठारहवां सदस्य, सदस्य-सचिव होगा, जिसका नामांकन बाद में घोषित किया जायगा।

2. समिति के विचारार्थ विषय ये होंगे:—

- (क) निजी और सरकारी दोनों क्षेत्रों के औद्योगिक प्रतिष्ठानों में, खानों और बागानों को मिलाकर, विभिन्न सांविधिक और असांविधिक कल्याण योजनाओं के कार्यों का पुनरीक्षण करना;
- (ख) वर्तमान कल्याण योजनाओं के कार्य-संघासन में सुधार करने और नई योजनाएं चालू करने के लिये ऐसे सुझाव देना जो आवश्यक समझे जाएं;

- (ग) ऐसे उद्योगों को जांच करना और सुझाव देना जहां कोयला खान कल्याण निधि और अन्नक खान कल्याण निधि जैसे कल्याण निधियां स्थापित की जा सकें।
- (घ) ग्रामीण श्रमिकों, विशेषकर कृषि श्रमिकों के लिए, कल्याण योजनाएं चालू करने के लिये उपाय सुझाना; और
- (ङ) अन्य संबंधित मामलों पर विचार करना जिन्हें समिति उचित समझे।

#### आदेश

आदेश दिया जाता है कि इस संकल्प की एक-एक प्रति निम्न-लिखित को भेजी जाए :—

- सभी राज्य सरकारें।
- मालिकों और मजदूरों के अखिल भारतीय संगठन।
- भारत सरकार के मंत्रालय।
- समिति के सदस्य।
- मुख्य श्रमायुक्त (केन्द्रीय), नई दिल्ली।
- निदेशक, श्रम व्यूरो, शिमला।
- महानिदेशक एफ०, ए० एम० आई० एस० नई दिल्ली।

यह भी आदेश दिया जाता है कि इस संकल्प को भारत के राजपत्र में आम सूचना के लिये प्रकाशित किया जाए।

एन० एन० चटर्जी, सह सचिव

नई दिल्ली, दिनांक 9 अगस्त 1966

स० ई० एन्ड पी०-4/1/36/66—केन्द्रीय मजदूर शिक्षा बोर्ड के नियमों और विनियमों के नियम 3 (बी) के अनुसार भारत सरकार एतद् द्वारा श्री स० वेंकटरामानी, उप-सचिव, वित्त मंत्रालय को इस अधिसूचना होने का तारीख से श्री एफ० एच० वल्लीभाय के स्थान पर प्रतिनिधि नियुक्त करती है।

| (3) Prof. Samuel Mathai    |   |                  |
| (4) Dr. D. M. Sen          |   |                  |
| (5) Shri Radhakrishna      |   |                  |
| (6) Prof. V. K. Gokak      | } | 31st March 1969. |
| (7) Shri A. R. Dawood      |   |                  |
| (8) Prof. M. V. Mathur     |   |                  |
| (9) Smt. Raksha Saran      |   |                  |
| (10) Shri A.E.T. Barrow.   |   |                  |

L. W. DHUME, Dy. Secy.

## DEPARTMENT OF COMMUNICATIONS

New Delhi, the 20th August 1966

## RULES

No. 8-CD(37)/65.—The rules for a competitive examination to be held by the Union Public Service Commission in January, 1967 for the purpose of filling vacancies in the following posts are, with the concurrence of the Ministries/Departments concerned, published for general information.

- Deputy Engineer-in-Charge (Class I) in the Overseas Communications Service, Department of Communications,
  - Assistant Engineer (Class II) in the Overseas Communications Service, Department of Communications,
  - Engineer (Class I) in the Wireless Planning and Co-ordination Wing and Monitoring Organisation, Department of Communications.
- Technical Officer (Class I) in the Department of Aviation, Ministry of Transport and Aviation,
  - Assistant Technical Officer (Class II) in the Department of Aviation, Ministry of Transport and Aviation.

2. The number of vacancies to be filled on the results of the examination will be specified in the Notice issued by the Commission. Reservations will be made for candidates belonging to the Scheduled Castes and Scheduled Tribes in respect of vacancies as may be fixed by the Government.

Scheduled Castes/Tribes mean any of the Castes/Tribes mentioned in the Scheduled Castes/Tribes Lists (Modification) Order, 1956, read with Scheduled Castes and Scheduled Tribes Orders (Amendment) Act, 1956, the Constitution (Jammu and Kashmir) Scheduled Castes Order, 1956, the Constitution (Andaman and Nicobar Islands) Scheduled Tribes Order, 1959, the Constitution (Dadra and Nagar Haveli) Scheduled Castes Order, 1962, the Constitution (Dadra and Nagar Haveli) Scheduled Tribes Order, 1962 and the Constitution (Pondicherry) Scheduled Castes Order, 1964.

3. The examination will be conducted by the Union Public Service Commission in the manner prescribed in Appendix II to these Rules.

The dates on which and the places at which the examination will be held shall be fixed by the Commission.

4. A candidate must be either :—

- a citizen of India, or
- a subject of Sikkim, or
- a subject of Nepal, or
- a subject of Bhutan, or
- a Tibetan refugee who came over to India, before 1st January 1962, with the intention of permanently settling in India;
- a person of Indian origin who has migrated from Pakistan, Burma, Ceylon, Kenya, Uganda and the United Republic of Tanzania (formerly Tanganyika and Zanzibar) with the intention of permanently settling in India;

Provided that a candidate belonging to categories (c), (d), (e) and (f) above shall be a person in whose favour a certificate of eligibility has been given by the Government and if he belongs to Category (f) the certificate of eligibility will be issued for a period of one year after which such a candidate will be retained in Service subject to his having acquired Indian Citizenship.

Certificate of eligibility will not, however, be necessary in the case of candidates belonging to any one of the following categories :—

- Persons who migrated to India from Pakistan before the nineteenth day of July 1948, and have ordinarily been residing in India since then.
- Persons who migrated to India from Pakistan on or after the nineteenth day of July 1948, and have got themselves registered as citizens of India under Article 6 of the Constitution.
- Non-citizens in category (f) above who entered service under the Government of India before the commencement of the Constitution, viz., 26th January, 1950, and who have continued in such service since then without a break. Any such person who re-entered or may re-enter such service with break after the 26th January, 1950, will, however, require certificate of eligibility in the usual way.

A candidate in whose case a certificate of eligibility is necessary may be admitted to the examination and he may also be provisionally appointed subject to the necessary certificate being given to him by the Government.

5. (a) A candidate for this examination must have attained the age of 20 years and must not have attained the age of 26 years on the 1st August, 1966, i.e. he must have been born not earlier than 2nd August, 1940 and not later than 1st August, 1946.

(b) The upper age limit of 26 years will be relaxable up to 31 years in the case of the Government servants of the following categories, if they are applying for vacancies in their respective departments—

(i) A candidate who holds substantively a permanent post in the particular department. This relaxation will not be admissible to a probationer appointed against a permanent post in the department during the period of his probation.

(ii) A candidate who has been continuously in temporary service in the particular department for at least 3 years on the 1st August, 1966.

Provided that no candidate shall be permitted under the relaxation of the upper age limit mentioned at (b) above, to compete more than three times at the examination.

NOTE I.—For the purposes of this Rule, a candidate shall be deemed to have competed at the examination once for all the posts ordinarily covered by the examination, if he competes for any one or more of the posts.

A candidate shall be deemed to have competed at the examination, if he actually appears in any one or more subjects.

NOTE II.—The age limits 20-26 years, mentioned at (a) above and the relaxation of the upper age-limit up to 31 years mentioned at (b) above, will apply for the examination to be held in 1967 only. Thereafter, the age limits will be 20-25 years and the relaxation of the upper age limit will be up to 30 years.

(c) The upper age-limit prescribed above will be further relaxable :—

- (i) Up to a maximum of five years, if a candidate belongs to a Scheduled Caste or a Scheduled Tribe;
- (ii) Up to a maximum of three years, if a candidate is a *bona fide* displaced person from East Pakistan and has migrated to India on or after January 1, 1964;
- (iii) Up to a maximum of eight years, if a candidate belongs to a Scheduled Caste or a Scheduled Tribe and is also a *bona fide* displaced person from East Pakistan and has migrated to India on or after January 1, 1964;
- (iv) Up to a maximum of three years if a candidate is a resident of the Union Territory of Pondicherry and has received education through the medium of French at some stage;
- (v) Up to a maximum of three years if a candidate is a *bona fide* repatriate of Indian origin from Ceylon and has migrated to India on or after 1st November, 1964, under the Indo-Ceylon Agreement of October, 1964;
- (vi) Up to a maximum of eight years if a candidate belongs to a Scheduled Caste or a Scheduled Tribe and is also a *bona fide* repatriate of Indian origin from Ceylon and has migrated to India on or after 1st November, 1964, under the Indo-Ceylon Agreement of October, 1964;
- (vii) Up to a maximum of three years if a candidate is of Indian origin and has migrated from Kenya, Uganda or the United Republic of Tanzania (formerly Tanganyika and Zanzibar).
- (viii) Up to a maximum of three years if a candidate is a *bona fide* repatriate of Indian origin from Burma and has migrated to India on or after 1st June, 1963;
- (ix) Up to a maximum of eight years if a candidate belongs to a Scheduled Caste or a Scheduled Tribe and is also a *bona fide* repatriate of Indian origin from Burma and has migrated to India on or after 1st June, 1963;
- (x) Up to a maximum of three years in the case of the disabled Defence Services personnel; and
- (xi) Up to a maximum of eight years in the case of the disabled Defence Services personnel who belong to the Scheduled Castes or the Scheduled Tribes.

N.B. (i)—The candidature of a person who is admitted to the examination under the age concession mentioned at (b) above is liable to be cancelled, if, after submitting his application, he resigns from Service, or his services are terminated by his department, either before or after taking the examination. He will, however, continue to be eligible, if he is retrenched from the Service or post after submitting his application.

L182GI/66

(ii)—A candidate who, after submitting his application to his department, is transferred to other department/office will be eligible to compete under departmental age concession for the post, for which he would have been eligible but for his transfer, provided his application has been forwarded by his parent department.

SAVE AS PROVIDED ABOVE THE AGE LIMITS PRESCRIBED CAN IN NO CASE BE RELAXED

6. A candidate must have—

- (a) obtained a degree in Engineering from a University incorporated by an Act of the Central or State Legislature in India, or other educational Institutes established by an Act of Parliament, or declared to be deemed as Universities under Section 3 of the University Grants Commission Act, 1956; or
- (b) passed Sections A and B of the Associate Membership Examination of the Institution of Engineers (India), or have any other educational qualifications recognised by that institution as exempting from passing these Sections; or
- (c) obtained an Engineering degree of one of the Universities mentioned in Appendix I under the conditions prescribed in that Appendix; or
- (d) passed the Honours Diploma Examination in Civil, Mechanical or Electrical Engineering of the Loughborough College, Leicestershire, provided the candidate has passed the common preliminary examination, or has been exempted therefrom, or
- (e) passed the Graduate Membership Examination of the Institution of Tele-communication Engineers (India); or
- (f) M.Sc. degree or its equivalent, with Wireless Communication, Electronics, Radio Physics, or Radio Engineering as special subject; or
- (g) passed the Graduate Membership Examination of the Institution of Electronics and Radio Engineers, London, held after November, 1959.

The Graduate Membership Examination of the Institution of Electronics and Radio Engineers, London, held prior to November, 1959, is also acceptable, subject to the following conditions:—

- (1) that the candidates who have passed the examination held prior to November, 1959, should have appeared and passed in the following additional subjects :
  - (i) Principles and Applications of Electrical Engineering (in accordance with the syllabus prescribed in Section A of Post-1959 Scheme);
  - (ii) Mathematics II (in accordance with the syllabus prescribed in Section B of Post-1959 Scheme);
- (2) that the candidates concerned should produce a certificate from the Institution of Electronics and Radio Engineers, London, in fulfilment of the condition prescribed at (1) above.

NOTE 1.—In exceptional cases, the Commission may treat a candidate, who has not any of the qualifications prescribed in this rule, as educationally qualified, provided that he has passed examinations conducted by other institutions, the standard of which in the opinion of the Commission, justifies his admission to the examination.

NOTE 2.—A candidate who has appeared at an examination the passing of which would render him eligible to appear at this examination, but has not been informed of the result may apply for admission to the examination. A candidate who intends to appear at such a qualifying examination may also apply, provided that the qualifying examination is completed before the commencement of this examination. Such a candidate will be admitted to the examination, if otherwise eligible, but the admission would be deemed to be provisional and subject to cancellation if he does not produce proof of having passed the examination, as soon as possible, and in any case not later than two months after the commencement of this examination.

NOTE 3.—A candidate who is otherwise qualified but who has taken a degree from a Foreign university which is not included in Appendix I, may also apply to the Commission and may be admitted to the examination at the discretion of the Commission.

7. Candidates must pay the fee prescribed in Annexure 1 to the Commission's Notice. No claim for a refund of the fee will be entertained except to the extent stated in that Annexure nor can the fee be held in reserve for any other examination or selection.

8. A candidate already in Government Service, whether in a permanent or a temporary capacity, must obtain prior permission of the Head of the Department to appear for the Examination.

9. The decision of the Commission as to the eligibility or otherwise of a candidate for admission to the examination shall be final.

10 No candidate will be admitted to the examination unless he holds a certificate of admission from the Commission.

11 Any attempt on the part of a candidate to obtain support for his candidature by any means may disqualify him for admission.

12 A candidate who is or has been declared by the Commission guilty of impersonation or of submitting fabricated documents or documents which have been tampered with or of making statements which are incorrect or false or of suppressing material information or otherwise resorting to any other irregular or improper means for obtaining admission to the examination, or of using or attempting to use unfair means in the examination hall or of misbehaviour in the examination hall, may, in addition to rendering himself liable to criminal prosecution,—

(a) be debarred permanently or for a specified period.—

(i) by the Commission, from admission to any examination or appearance at any interview held by the Commission for selection of candidates, and

(ii) by the Central Government from employment under them,

(b) be liable to disciplinary action under the appropriate rules, if he is already in service under Government.

13 Candidates who obtain such minimum qualifying marks in the written examination as may be fixed by the Commission in their discretion shall be summoned by them for an interview for a personality test.

14 After the examination, the candidates will be arranged by the Commission in the order of merit as disclosed by the aggregate marks finally awarded to each candidate and in that order so many candidates as are found by the Commission in their discretion to be qualified by the examination shall be recommended for appointment up to the number of unreserved vacancies decided to be filled on the results of the examination.

Provided that any candidate belonging to the Scheduled Castes or the Scheduled Tribes, who though not qualified by the standard prescribed by the Commission for any post is declared by them to be suitable for appointment thereto with due regard to the maintenance of efficiency of administration, shall be recommended for appointment to vacancies reserved for members of the Scheduled Castes and the Scheduled Tribes, as the case may be, in that post.

15 The form and manner of communication of the result of the examination to individual candidates shall be decided by the Commission in their discretion and the Commission will not enter into correspondence with them regarding the result.

16 Due consideration will be given to the preferences expressed by a candidate at the time of his application, but the Government of India reserve the right to assign him to any post for which he is a candidate.

17 Success in the examination confers no right to appointment, unless Government are satisfied after such enquiry as may be considered necessary, that the candidate is suitable in all respects for appointment to the public service.

18 A candidate must be in good mental and bodily health and free from any physical defect likely to interfere with the discharge of his duties as an officer of the service. A candidate who after such physical examination as Government or the appointing authority, as the case may be, may prescribe is found not to satisfy those requirements will not be appointed. Only such candidates as are likely to be considered for appointment will be physically examined. Such candidates will have to pay a fee of Rs 16 00 to the Medical Board concerned at the time of the Medical examination.

In order to prevent disappointment candidates are advised to have themselves examined by Government Medical Officer of the standing of a Civil Surgeon before applying for admission to the examination. Particulars of the nature of the medical test to which candidates will be subjected before appointment to Gazetted posts and of the standards required are given in Appendix III. For the disabled Defence Services personnel, the standards will be relaxed consistent with the requirements of each post.

19 (a) No male candidate who has more than one wife living or who having a spouse living, marries in any case in which such marriage is void by reason of its taking place during the life time of such spouse, shall be eligible for appointment to any of the posts, appointments to which are made on the results of this competitive examination unless the Government of India, after being satisfied that there are special grounds for doing so, exempt any male candidate from the operation of this rule.

(b) No female candidate whose marriage is void by reason of the husband having a wife living at the time of such marriage or who has married a person who has a wife living at the time of such marriage shall be eligible for appointment to any of the posts, appointments to which are made on the results of this competitive examination unless

the Government of India, after being satisfied that there are special grounds for doing so, exempt any female candidate from the operation of this rule.

20 Probationers will be required to pass a test in Hindi before confirmation.

S. S. PRUTHI, Under Secy

## APPENDIX I

List of University degrees which will be recognised for admission to the examination. [vide para 6(c) of the Rules]

Aberdeen—B Sc Engineering (Honours or Ordinary degree)

Cambridge—Ordinary B.A. degree in engineering provided the graduate has passed in the principal subjects, Engineering I, Engineering II and Engineering III.

Durham—B Sc Marine Engineering

Glasgow—B Sc in Naval Architecture (Honours or Ordinary degree).

NOTE—The above degree will be accepted only if taken after three years' study and passing the regular examinations in the several Universities. The conditions as to three years' study will not, however, apply to Indians who, having taken an Indian degree which exempts them from part of the University course, shall have taken one of the above degrees in less than three years in accordance with the regulations of the University concerned.

## APPENDIX II

1. The examination shall be conducted according to the following Plan :—

Part I—Compulsory and optional papers as shown below. The standard and syllabi prescribed for these papers are given in the Schedule to this Appendix.

Part II—Personality Test carrying a maximum of 200 marks for such candidates as may be called by the Commission.

(Please see para 6 below)

2. The following will be the subjects for the written examination :

| Subject   | Duration | Maximum Marks |
|---|----------|---------------|
| <b>A Compulsory</b>   |          |               |
| (i) English Essay   | 1½       | 50            |
| (ii) General English  | 1½       | 50            |
| (iii) General Knowledge & Current Affairs                                     | 1½       | 50            |
| (iv) History of Science   | 1½       | 50            |
| (v) Radio Physics   | 3        | 100           |
| (vi) Electronic Components  | 3        | 100           |
| (vii) Applied Electronic Circuits   | 3        | 100           |
| (viii) Electrical and Mechanical Engineering                                  | 3        | 100           |
| (60 marks for Electrical Engineering and 40 marks for Mechanical Engineering) |          |               |
| <b>B Optional : Any two of the following subjects :—</b>                      |          |               |
| (i) Principles of Acoustics   | 3        | 100           |
| (ii) Transmission Lines and Net Works   | 3        | 100           |
| (iii) Antenna & Wave Propagation  | 3        | 100           |
| (iv) Mathematics  | 3        | 100           |
| (v) Radar and Micro Waves Engineering including Radio Aids to Navigation      | 3        | 100           |
| (vi) Broadcasting and Television Systems                                      | 3        | 100           |

3 All papers must be answered in English.

4 Candidates must write the papers in their own hand. In no circumstances will they be allowed the help of a scribe to write answers for them.

5. The Commission have discretion to fix qualifying marks in any or all the subjects of the examination.

6 Special attention will be paid in the Personality Test to assessing the candidates' capacity for leadership, initiative and curiosity, tact and other social qualities, mental and physical energy, powers of practical application and integrity of character.

7. From the marks assigned to candidates in each subject such deductions will be made as the Commission may consider necessary in order to secure that no credit is allowed for merely superficial knowledge.

8. Deductions up to 5 per cent. of the maximum marks for the written subjects will be made for illegible handwriting.

9. Credit will be given for orderly, effective and exact expression combined with due economy of words in all subjects of the examination.

#### *Schedule to Appendix II*

##### *Standard and syllabus*

The standard of papers in English Essay, General English, General knowledge and Current Affairs, and History of Science will be such as may be expected of an Engineering/Science graduate. There will be no practical examination in any of the subjects.

The papers in Radio Physics, Electronic Components, Applied Electronic Circuits and Electrical and Mechanical Engineering will be of the degree standard for Engineering of Indian Universities and questions will be framed to test the candidates' grasp of fundamentals in each subject.

The standard of optional papers will require detailed knowledge as applicable to Engineering problems.

1. *English Essay*.—An essay to be written in English on one of several subjects.

2. *General English*.—Questions to test the candidates' understanding of and power to write English. Passages will usually be set for summary or précis.

3. *General Knowledge and Current Affairs*.—The paper will include questions to test knowledge of current events and of matters of every day observation and experience. The paper will also include questions on Indian History and Geography.

4. *History of Science*.—History of the evolution and growth of science. Great scientists and their contribution to science.

5. *Radio Physics*.—Magnetism; Definitions and units; Magnetic induction; hysteresis; magnetic circuits.

Electricity: units; di-electrics; charges, alternating and direct current circuits; circuits containing resistance; inductance and capacitance; resonance; effects of Q on selectivity; current, voltage and power relations.

Tuned and untuned amplifiers; oscillators; frequency stability; frequency multipliers and harmonic generators; modulators.

Principles of reception, diversity reception; superhetrodyne receivers.

Radio telegraph, radio telephone communication and broadcasting systems; wave-length and power considerations; signal to noise ratio requirements; principles of wave propagation and transmission. Aerials, feeders and matching devices.

Principles of amplitude modulation, frequency modulation and phase modulation, and their application in communication systems.

Speech and hearing-articulation; basic principles of acoustics.

6. *Electronic Components and Materials*.—Resistors, capacitors, inductors and transformers—their characteristics, performance and applications.

Electronic tubes including special purpose tubes—their performance and typical applications.

Semi-conductors devices; principles of rectifiers and transistors photo-sensitive devices.

Piezo-Electric materials.

Insulating and material wires; printed circuits.

Magnetic materials; permanent magnets, soft magnetic materials.

Relays.

7. *Applied Electronic Circuits*.—Circuit principles involved in the following:—

Vacuum tube amplifiers, typical circuits for different applications; feed back; broadband amplifiers; D.C. amplifiers.

Transistor amplifiers, typical circuits; design for temperature stabilisation.

Low and high frequency oscillators. Conventional circuits, relaxation oscillators; frequency multipliers and dividers; frequency stabilization.

Pulse and sweep circuits, counting circuits.

Modulators and detectors; typical circuits for amplitude, frequency and phase modulation.

Power supply systems for electronic equipments—rectifiers, filters, voltage regulated power supplies.

Industrial electronic circuits for induction heating welding and speed control of electric meters.

Typical circuits used in television receivers.

8. *Electrical and Mechanical Engineering*.

(a) *Electrical Engineering*.—D.C. motors and generators—their characteristics and general features; motor starters.

Primary and secondary cells.

A.C. circuits; power factors; transformers, alternators, synchronous and induction motors; starting devices.

Rectifiers and rotary converters.

Electrical instruments and measurements—measurements of voltage, current and power in D.C. and A.C. circuits; different types of instruments and their characteristics. Typical bridges.

(b) *Mechanical Engineering*.—Properties and strength of materials—stress and strains in tension, compression and shear; Hooke's Law; elastic constants; bending moments and shear forces in beams.

Internal combustion engines—major component units and principles of working.

Simple machine tools and their uses.

Transmission of power—belt and gear drive; direct couplings; bearings.

Laws of friction, lubricants and lubricating systems.

Ferrous and non-ferrous materials—their properties.

9. *Principles of Acoustics*.

Sound: wave equation; vibrating systems; sound transmission; electro-mechanical-acoustical circuits and filters.

Room acoustics; sound absorption and insulation; reverberation; design of broadcasting studios.

Transducers, microphones, loudspeakers, design characteristics, measurement and calibration.

Noise control, sound insulation; measurements.

Hearing and speech; psycho-acoustic criteria, audiometric measurements. High fidelity systems. Disc, magnetic and film recording, and play back systems.

10. *Transmission Lines and Networks*.

Two terminal networks; Combinations of R.L.&C.; Impedance of a transformer-equivalent networks; Analysis and Synthesis of two terminal networks.

Four terminal networks; Linear parameters—image and iterative parameters; Terminations; Loss factors; Insertion losses. Tandem connection reflection and interaction losses. Attenuation pads of the T and H types—Lattice and bridged T. networks. Constant resistance recurrence networks—equalisers.

Wave filters; Conditions for pass and attenuation bands. Principles of filter design based on image parameters. Constant K and M derived filter sections. Low pass, high pass and band pass filters (of 3, 4, 5 and 6 element types). Composite and complementary filters. Paralleling of filters. Effects of dissipation and termination. Frequency and impedance normalisation. Transformations of designs from low pass to high pass and band pass filters. Elementary principles in the design of electric wave filters.

Properties of electrical line: Quantitative values of R.L.C. of electrical lines; Transmission line equations—attenuation and phase shift. Reflections in transmission lines; equations for a line with any termination. Reflection losses and reflection factor. Standing waves. Impedance of lines with total and partial reflection—circle diagram.

Low frequency transmission lines; characteristics; Distortion for telegraph and telephone working-loading.

High frequency transmission lines: Characteristics—open wire and concentric feeders; Transmission lines as impedance element; Resonant lines—Matching of H.F. lines.

11. *Antenna and Wave Propagation*.

Electro-magnetic equation, radiation of electromagnetic waves, field intensity.

Radiation patterns; directive systems; gain of antennas, practical design of directive antennas for long, medium, short wave and very high frequency. Receiving antenna systems. Antennas for direction finding.

Radio frequency transmission lines, coupling network, matching of transmission lines, practical design of feeder lines and switching systems.

Propagation—ground, tropospheric and ionospheric atmospheres and noise.

Measurements of field strength.

12. *Mathematics*.

*Fundamental concepts*.

Functions—Average Rates—Limits.

*Basic Operations*.

Derivatives—Differentials—Higher Derivatives—Maxima and Minima—Integrals—Definite Integrals.

*Further Operations.*

Integration Techniques—Double Integrals.

*Infinite Series.*

Definitions—The Geometric Series—Convergent and Divergent Series—General Theorems—The Comparison Test—Cauchy's Integral Test—Cauchy's Ratio Test—Alternating Series—Absolute Convergence—Power Series—Theorems Regarding Power Series—Series of Functions and Uniform Convergence—Integration and Differentiation of Series—Taylor's Series—Symbolic form of Taylor's Series—Evaluation of Integrals by Means of Power Series—Approximate Formulas derived from Maclaurin's Series—Use of Series for the Computation of Functions—Evaluation of a function taking on an Indeterminate Form.

*Complex Numbers.*

Introduction—Complex Number—Rules for the Manipulation of Complex numbers—Graphical Representation and Trigonometric Form—Powers and Roots—Exponential and Trigonometric Functions—The Hyperbolic Functions—The Logarithmic Function—The Inverse Hyperbolic and Trigonometric Functions.

*Mathematical Representation of Periodic Phenomena.**Fourier Series, and the Fourier Integral.*

Introduction—Simple Harmonic Vibrations—Representation of More Complicated Periodic Phenomena, Fourier's Series—Examples of Fourier Expansions of Functions—Some Remarks about Convergence of Fourier Series—Effective Values and the Average of a Product—Modulated Vibrations and Beats—The Propagation of Periodic Disturbances in the Form of Waves—The Fourier Integral.

*Linear Algebraic Equations. Determinants and Matrices.*

Simple Determinants—Fundamental Definitions—The Laplace Expansion—Fundamental Properties of Determinants—The Evaluation of Numerical Determinants—Definition of a Matrix—Special Matrices—Equality of Matrices. Addition and subtraction—Multiplication of Matrices—Matrix Division, the Inverse Matrix—The Reversal Law in Transposed and Reciprocated Products—Properties of Diagonal and Unit Matrices—Matrices Partitioned into Submatrices—Matrices of Special Types—The Solution of  $n$  linear Equations in  $n$  Unknowns.

*Linear Differential Equations with Constant Coefficients.*

The Reduced Equation, the Complementary Function—Properties of the Operator  $\text{Ln. (D)}$ —The Method of Undetermined Coefficients—The Simple Direct Laplace—Transform, or Operational Method of Solving Linear Differential Equations with Constant Coefficients—The Direct Computation of Transforms—Systems of Linear Differential Equations with constant Coefficients.

Laplace Transforms of Use in the solution of Differential Equations.

*Notation—Basic Theorems.**Oscillations of Linear Lumped Electrical Circuits.*

Electrical—Circuit Principles—Energy Considerations—Analysis of General Series Circuit—Discharge and Charge of a Capacitor—Circuit with Mutual Inductance—Circuits coupled by a Capacitor—The Effect of Finite Potential Pulses—Analysis of the General Network—The Steady-state solution—Four-terminal Networks in the Alternating Current Steady State—The Transmission Line as a Four-terminal Network.

*Partial Differentiation.*

Partial Derivatives—The Symbolic Form of Taylor's Expansion—Differentiation of Composite Functions—Change of variables—This First Differential—Differentiation of Implicit Functions—Maxima and Minima—Differential of a Definite Integral—Integration under the Integral sign—Evaluation of Certain Definite Integrals—The Elements of the Calculus of Variations—Summary of Fundamental Formulas of the Calculus of Variations—Hamilton's Principle, Lagrange's Equations—Variational problems with Accessory Conditions: Isoperimetric problems.

*Vector Analysis.*

The Concept of a Vector—Addition and Subtraction of Vectors. Multiplication of a vector by a Scalar—The Scalar Product of two Vectors—The Vector Product of Two Vectors—Multiple Products—Differentiation of a Vector with respect to Time—The Gradient—The Divergence and Gauss's Theorem—The Curl of a Vector Field and Stokes's Theorem—Successive Application of the Operator—Orthogonal Curvilinear Coordinates—Application to Hydrodynamics—The equation of Heat Flow in Solids—The Gravitational Potential—Maxwell's Equations—The Wave Equation—The Skin—Effect or Diffusion. Equation—Tensors (Qualitative Introduction)—Coordinate Transformations, Scalars, Contravariant Vectors—Covariant Vectors—Addition, Multiplication and contraction of Tensors—Associated Tensors—Differentiation of an Invariant—Differentiation of Tensors; The Christoffel Symbols—Intrinsic and Covariant Derivatives of Tensors of Higher Order—Applications of Tensor Analysis to the Dynamics of a Particle.

*Elements of the Theory of the Complex Variable.*

General Functions of a Complex Variable—The Derivative and the Cauchy—Riemann Differential Equations—Line Integrals of Complex Functions—Cauchy's Integral Theorem—Cauchy's Integral Formula—Taylor's Series—Laurent's Series—Residues—Cauchy's Residue Theorem—Singular Points of an Analytic Function—The Point at Infinite—Evaluation of Residues—Liouville's Theorem—Evaluation of Definite Integrals—Jordan's Lemma—Integrals Involving Multiple-Valued Functions.

*Operational and Transform Methods.*

The Fourier—Mellin Theorem—The Fundamental Rule—Calculation of Direct Transforms—Calculation of Inverse Transforms—The Modified Integral—Impulsive Functions—Application of the Operational Calculus to the Solution of Partial Differential Equations—Evaluation of Integrals—Application of the Laplace Transform to the Solution of Linear Integral Equations—Solution of Ordinary Differential Equations with Variable Coefficients—The Summation of Fourier Series by the Laplace Transform.

*13. Radar and Micro-waves Engineering including Radio Aids to Navigation.*

Principles; resolution, accuracy and coverage; radar range equation, radar frequencies and various types of radar equipment.

Pulse circuits and networks; strobos and gating circuits. Various types of presentations and connected circuitry.

Modulators and their theory.

Radar receiving circuits.

Various types of radar antenna and feed systems, reflector and their design. Microwave plumbing; Wave guides, modes of transmission, impedance matching, choke joints, direction couplers, TR devices.

VHF triode oscillator, klystrons, magnetrons, travelling wave tubes, efficiency diagrams. Principles and Characteristics of air-borne & ground based radar system. Principles of direction finding.

Principles of navigational systems such as Loran, Decca, Doppler.

Principles of Electronic Altimeters.

*14. Broadcasting and Television Engineering.*

Broadcasting on long, medium and short waves and V.H.F. coverages, field strength, noise and interference; ground wave propagation; sky wave propagation; fading phenomenon.

Studio and auditorium; design with regard to noise level, reverberation, sound level and sound distribution, ventilation and illumination.

Studies and control room equipment; microphones—design considerations from output, impedance sound level, directivity, noise and fidelity. Choice of microphones. Chain in the audio link from microphone to transmitter,—special feature and design considerations. Recording and play back.

Broadcasting transmitters: requirements for broadcast; modulators, amplifiers and power supply systems.

Design of superheterodyne receiving circuits. Use of transistors in broadcast receivers.

Frequency modulation in broadcasting.

Television circuits in cameras, transmitters and receivers; picture standards; typical transmitters and receivers; lighting and studio equipment.

**APPENDIX III****REGULATIONS RELATING TO THE PHYSICAL EXAMINATION OF CANDIDATES**

(These regulations are published for the convenience of candidates and in order to enable them to ascertain the probability of their coming up to the required physical standard. But it must be clearly understood that the Government of India reserve to themselves an absolute discretion to reject as unfit any candidate whom they may consider, on the report of the Medical Board, to be physically disqualified and that their discretion is in no respect limited by these regulations. These regulations are intended merely for the guidance of Medical Examiner and are not meant to restrict their discretion in any way.) For the disabled Defence Services personnel, the standards will be relaxed consistent with the requirements of each post.

1. To be passed as fit for appointment a candidate must be in good mental and bodily health and free from any physical defect likely to interfere with the efficient performance of the duties of his appointment.

2. (a) In the matter of the correlation of age, height and chest girth of candidates of Indian (including Anglo-Indian) race, it is left to Medical Board to use whatever correlation figures are considered most suitable as a guide in the examination of the candidates. If there be any disproportion with regard to height, weight and chest girth, the candidate should be hospitalised for investigation and X-Ray of the chest taken before the candidate is declared fit or not fit by the Board.

(b) However, for certain services the minimum standards for height and chest girth, without which candidates cannot be accepted, are as follows :—

|  | Height Chest Girth Expansion<br>(fully expanded). |        |
|--|---|--------|
| Class I and Class II posts in the Engineering Branch of the Overseas Communications Service. | 84 c.m.   | 5 c.m. |
| Service.   | 152 c.m.  | 5 c.m. |

The minimum height prescribed is relaxable in case of candidates belonging to races such as Gorkhas, Garhwalis, Assamese, Tribals, etc., whose average height is distinctly lower.

3. The candidate's height will be measured as follows :—

He will remove his shoes and be placed against the standard with his feet together and the weight thrown on the heels and not on the toes or other sides of the feet. He will stand erect without rigidity and with the heels, calves, buttocks and shoulders touching the standard, the chin will be depressed to bring the vertex of the head level under the horizontal bar and the height will be recorded in centimetres and parts of a centimetre to halves.

4. The candidate's chest will be measured as follows :—

He will be made to stand erect with his feet together, and to raise his arms over his head. The tape will be so adjusted round the chest that its upper edge touches the inferior angles of the shoulder blades behind and lies in the same horizontal plane when the tape is taken round the chest. The arms will then be lowered to hang loosely by the side, and care will be taken that the shoulders are not thrown upwards or backwards so as to displace the tape. The candidate will then be directed to take a deep inspiration several times and the maximum expansion of the chest will be carefully noted, and the minimum and maximum will then be recorded in centimeters, 84-89, 86-93.5 etc. In recording the measurements, fractions of less than half a centimetre should not be noted.

5. The Candidate will also be weighed and his weight recorded in kilograms; fractions of half a kilogram should not be noted.

6. The candidates eye-sight will be tested in accordance with the following rules. The result of each test will be recorded :

- (i) General.—The candidate's eyes will be submitted to a general examination directed to the detection of any disease or abnormality. The candidate will be rejected if he suffers from any squint or morbid conditions of eyes, eye-lids or contiguous structures of such a sort as to render or are likely at a future date to render him unfit for service.
- (ii) Visual Acuity.—The examination for determining the acuteness of vision includes two tests, one for distant, the other for near vision. Each eye will be examined separately.

There shall be no limit for minimum naked eye vision but the naked eye vision of the candidates shall, however, be recorded by the Medical Board or other medical authority in every case, as it will furnish the basic information in regard to the condition of the eye.

The standards for distant and near vision with or without glasses shall be as follows :—

|   | Distant<br>Better<br>eye | Vision<br>Worse<br>eye | Near<br>Better<br>eye | Vision<br>Worse<br>eye |
|---|--------------------------|------------------------|-----------------------|------------------------|
| 1. Technical Officers/ Assistant Technical Officers in the Department of Aviation and Engineering in the Wireless, Planning and Coordination Wing and Monitoring Organisation | 6/9                      | 6/9                    | 0.6                   | 0.8                    |
|   |                          | OR                     |                       |                        |
|   | 6/6                      | 6/12                   |                       |                        |
| 2. Deputy Engineers-in-Charge (Class I)/ Assistant Engineers, Class II in the Overseas Communications Service   | 6/9                      | 6/9                    | 0.6                   | 0.8                    |
|   |                          | OR                     |                       |                        |
|   | 6/6                      | 6/12                   |                       |                        |

NOTE (1).—In respect of services mentioned at 2 above.

Total amount of Myopia (including the cylinder) shall not exceed—4.00D. Total amount of Hypermetropia (including the cylinder) shall not exceed +4.00D.

NOTE (2).—In respect of services mentioned at 1 above.

(a) For candidates up to the age of 20 years.—Total amount of Myopia shall not exceed—6.00D. Total amount of hypermetropia shall not exceed +6.00D.

(b) For candidates above the age of 20 years.—Total amount of Myopia shall not exceed—8.00D. Total hypermetropia shall not exceed +6.00D.

NOTE (3).—Fundus Examination.—Wherever possible fundus examination will be carried out at the discretion of the Medical Board and results recorded.

NOTE (4).—Colour Vision.—(i) The testing of colour vision shall be essential in respect of services mentioned at 2 above.

(ii) Colour perception should be graded into a higher and a lower grade depending upon the size of the aperture in the lantern as described in the table below :—

|   | Higher<br>Grade<br>of<br>colour<br>percep-<br>tion | Lower<br>Grade<br>of<br>colour<br>percep-<br>tion |
|---|--|---|
| 1. Distance between the lamp and candidates . . . . . | 4.9<br>metres                                      | 4.9<br>metres                                     |
| 2. Size of aperture . . . . .                         | 1.3<br>mm.   | 13<br>mm.   |
| 3. Time of exposure . . . . .                         | 5<br>sec.  | 5<br>sec.   |

For the services concerned with the safety of the public e.g. pilots, drivers, guards, etc., the higher grade of colour vision is essential but for other the lower grade of colour vision should be considered sufficient. The same standards of colour vision should be applicable in respect of all Engineering personnel in whose case colour perception is considered essential irrespective of the fact whether their duties involve field work or not.

(iii) Satisfactory colour vision constitutes recognition with ease and without hesitation of signal red, signal green and white colours. The use of Ishihara's plates, shown in good light and a suitable lantern like Edrige Green's shall be considered quite dependable for testing colour vision. While either of the two tests may ordinarily be considered sufficient, in respect of the services concerned with road, rail and air traffic, it is essential to carry out the lantern test. In doubtful cases where a candidate fails to qualify when tested by only one of the two tests, both the tests should be employed.

NOTE (5).—Field of vision.—The field of vision shall be tested in respect of all services by the confrontation method. Where such test gives unsatisfactory or doubtful results the field of vision should be determined on the perimeter.

NOTE (6).—Night Blindness.—Night blindness need not be tested as a routine, but only in special cases. No standard test for the testing of night blindness or dark adaptation is prescribed. The Medical Board should be given the discretion to improvise such rough tests, e.g., recording visual acuity with reduced illumination or by making the candidate recognise various objects in a darkened room after he/she has been there for 20 to 30 minutes. Candidates' own statements should not always be relied upon, but they should be given due consideration.

NOTE (7).—Ocular conditions other than visual acuity.—(a) Any organic disease or a progressive refractive error which is likely to result in lowering the visual acuity should be considered as a disqualification.

(b) Trachoma.—Trachoma unless complicated shall not ordinarily be a cause for disqualification.

(c) Squint.—For services mentioned at 1 and 2 above where the presence of binocular vision is essential, squint, even if the visual acuity is of the prescribed standard, should be considered as a disqualification. For other services the presence of squint should not be considered as a disqualification if the visual acuity is of the prescribed standard.

(d) One-eyed persons.—The employment of one-eyed individuals is not recommended.

#### 7. Blood Pressure.

The Board will use its discretion regarding Blood Pressure. A rough method of calculating normal maximum systolic pressure is as follows :—

- (i) With young subjects 15-25 years of age the average is about 100 plus the age.

- (ii) With subjects over 25 years of age the general rule of 110 plus half the age seems quite satisfactory.

*N.B.*—As a general rule any systolic pressure over 140 and diastolic over 90 should be regarded as suspicious and the candidate should be hospitalised by the Board before giving their final opinion regarding the candidate's fitness or otherwise. The hospitalization report should indicate whether the rise in blood pressure is of a transient nature due to excitement etc. or whether it is due to any organic disease. In all such cases X-ray and electrocardiographic examinations of heart and blood urea clearance test should also be done as a routine. The final decision as to the fitness or otherwise of a candidate will, however, rest with the Medical Board only.

#### *Method of taking Blood Pressure.*

The mercury manometer type of instrument should be used as a rule. The measurement should not be taken within fifteen minutes of any exercise or excitement. Provided the patient and particularly his arm is relaxed, he may be either lying or sitting. The arm is supported comfortably at the patient's side in a more or less horizontal position. The arm should be freed from clothes to the shoulder. The cuff completely deflated should be applied with the middle of the rubber over the inner side of the arm, and its lower edge an inch or two above the bend of the elbow. The following turns of cloth bandage should spread evenly over the bag to avoid bulging during inflation.

The brachial artery is located by palpitation at the bend of the elbow and the stethoscope is then applied lightly and centrally over it below, but not in contact with the cuff. The cuff is inflated to about 200 mm. Hg. and then slowly deflated. The level at which the column stands when soft successive sounds are heard represents the systolic pressure. When more air is allowed to escape the sounds will be heard to increase in intensity. The level at which the well-heard clear sounds change to soft muffled fading sound represents the diastolic pressure. The measurements should be taken in a fairly brief period of time as prolonged pressure of the cuff is irritating to the patient and will vitiate the readings. Rechecking, if necessary, should be done only a few minutes after complete deflation of the cuff. (Sometimes, as the cuff is deflated sounds are heard at a certain level; they may disappear as pressure falls and reappear at a still lower level. This 'silent Gap' may cause error in reading).

8. The urine (passed in the presence of the examiner) should be examined and the result recorded. Where a Medical Board finds sugar present in a candidate's urine by the usual chemical tests the Board will proceed with the examination with all its other aspects and will also specially note any signs or symptoms suggestive of diabetes. If, except for the glycosuria, the Board finds the candidate conforms to the standard of medical fitness required they may pass the candidate "fit subject to the Glycosuria being non-diabetic" and the Board will refer the case to a specified specialist in Medicine who has hospital and laboratory facilities at his disposal. The Medical Specialist will carry out whatever examinations, clinical and laboratory, he considers necessary including a standard blood sugar tolerance test and will submit his opinion to the Medical Board upon which the Medical Board will base its final opinion "fit" or "unfit". The candidate will not be required to appear in person before the Board on the second occasion. To exclude the effects of medication it may be necessary to retain a candidate for several days in hospital, under strict supervision.

#### 9. The following additional points should be observed—

- (a) that the candidate's hearing in each ear is good and that there is no sign of disease of the ear. In case it is defective the candidate should be got examined by the ear specialist. Provided that if the defect in hearing is remediable by operation or by use of a hearing aid, candidate cannot be declared unfit on that account provided he/she has no progressive disease in the ear;
- (b) that his/her speech is without impediment;
- (c) that his/her teeth are in good order and that he/she is provided with dentures where necessary for effective mastication (well filled teeth will be considered as sound);
- (d) that the chest is well formed and his chest expansion sufficient; and that his heart and lungs are sound;
- (e) that there is no evidence of any abdominal disease;
- (f) that he is not ruptured;
- (g) that he does not suffer from hydrocele, a severe degree of varicocele, varicose veins or piles;
- (h) that his limbs, hands and feet are well formed and developed and that there is free and perfect motion of all his joints;
- (i) that he does not suffer from any inveterate skin disease;
- (j) that there is no congenital malformation or defect;

- (k) that he does not bear traces of acute or chronic disease pointing to an impaired constitution;
- (l) that he bears marks of efficient vaccination; and
- (m) that he is free from communicable disease.

10. Radiographic examination of the chest should be done as a routine in all cases for detecting any abnormality of the heart and lungs, which may not be apparent by ordinary physical examination.

When any defect is found it must be noted in the certificate and the medical examiner should state his opinion whether or not it is likely to interfere with the efficient performance of the duties which will be required of the candidate.

*NOTE.*—Candidates are warned that there is no right of appeal from a Medical Board, special or standing, appointed to determine their fitness for the above posts. If, however, Government are satisfied on the evidence produced before them of the possibility of an error of judgment in the decision of the first Board, it is open to Government to allow an appeal to a second Board. Such evidence should be submitted within one month of the date of the communication in which the decision of the first Medical Board is communicated to the candidate, otherwise no request for an appeal to a second Medical Board will be considered.

If any medical certificate is produced by a candidate as a piece of evidence about the possibility of an error of judgment in the decision of the first Board, the certificate will not be taken into consideration unless it contains a note by the medical practitioner concerned to the effect that it has been given in full knowledge of the fact that the candidate has already been rejected as unfit for service by the Medical Board.

#### *Medical Board's Report*

The following intimation is made for the guidance of the Medical Examiner:—

1. The standard of physical fitness to be adopted should make due allowance for the age and length of service, if any, of the candidate concerned.

No person will be deemed qualified for admission to the public Service who shall not satisfy Government, or the appointing authority, as the case may be, that he has no disease, constitutional affection, or bodily infirmity unfitting him, or likely to unfit him for that service.

It should be understood that the question of fitness involves the future as well as the present and that one of the main objects of medical examination is to secure continuous effective service, and in the case of candidates for permanent appointment to prevent early pension or payments in case of premature death. It is at the same time to be noted that the question is one of the likelihood of continuous effective service, and that rejection of a candidate need not be advised on account of the presence of a defect which in only a small proportion of cases is found to interfere with continuous effective service.

A lady doctor will be co-opted as a member of the Medical Board whenever a woman candidate is to be examined.

The report of the medical board should be treated as confidential. In cases where a candidate is declared unfit for appointment in the Government Service, the grounds for rejection may be communicated to the candidate in broad terms without giving minute details regarding the defects pointed out by the Medical Board.

In cases where, a Medical Board consider that a minor disability disqualifying a candidate for Government service can be cured by treatment (medical or surgical) a statement to that effect should be recorded by the Medical Board. There is no objection to a candidate being informed of the Board's opinion to this effect by the appointing authority and when a cure has been effected it will be open to the authority concerned to ask for another Medical Board.

In the case of candidates who are to be declared 'Temporarily Unfit' the period specified for re-examination should not ordinarily exceed six months at the maximum. On re-examination after the specified period these candidates should not be declared temporarily unfit for a further period but a final decision in regard to their fitness for appointment or otherwise should be given.

#### (A) Candidate's statement and declaration.

The candidate must make the Statement required below prior to his Medical Examination and must sign the Declaration appended thereto. His attention is specially directed to the warning contained in the Note below:—

1. State your name in full (in block letters).....
2. State your age and birth place.....

OR

(b) any other disease or accident requiring confinement to bed and medical or surgical treatment?.....

4. When were you last vaccinated?.....

5. Have you or any of your near relation been afflicted with consumption, scrofula, gout, asthma, fits, epilepsy or insanity?.....

6. Have you suffered from any form of nervousness due to over-work or any other cause?.....

7. Furnish the following particulars concerning your family:—

| Father's age if living and state of health | Father's age at death and cause of death | No. of brothers living, their ages and state of health | No. of brothers dead, their ages at and cause of death |
|--|--|--|--|
|  |  |  |  |
|  |  |  |  |
|  |  |  |  |
|  |  |  |  |
|  |  |  |  |

| Mother's age if living and state of health | Mother's age at death and cause of death | No. of sisters living, their ages and state of health | No. of sisters dead, their ages at and cause of death |
|--|--|---|---|
|  |  |   |   |
|  |  |   |   |
|  |  |   |   |
|  |  |   |   |
|  |  |   |   |

8. Have you been examined by a Medical Board before?....

9. If answer to the above is yes, please state what Service(s)/ post(s) you were examined for?.....

10. Who was the examining authority?.....

11. When and where was the Medical Board held?.....

12. Result of the Medical Board's examination, if communicated to you or if known.....

I declare all the above answers to be, to the best of my belief, true and correct.

Candidate's Signature.....

Signed in my presence.

Signature of Chairman of the Board

NOTE.—The candidate will be held responsible for the accuracy of the above statement. By wilfully suppressing any information he will incur the risk of losing the appointment and, if appointed, of forfeiting all claim to Superannuation Allowance or Gratuity.

## APPENDIX IV

Brief particulars relating to the posts for which recruitment is being made through this examination.

1 Deputy Engineers-in-Charge (Class I) and Assistant Engineers (Class II) in the Overseas Communications Service, Department of Communications.

- (a) Candidates selected for appointment as Assistant Engineers/Deputy Engineers-in-Charge (Class I) will be appointed on probation for a minimum period of two years which may be extended, if necessary.
- (b) An Officer appointed as Deputy Engineer-in-Charge/Assistant Engineer will be liable to serve anywhere in India.
- (c) In case of temporary appointment to the posts of Assistant Engineers, apart from the conditions laid down in the bond which an officer may be required to execute, his service will be terminable by giving one month's notice on either side. It is, however, left to the Department to terminate the service of a temporary employee by giving one month's pay and allowance in lieu of notice but the officer has no such option.
- (d) Scales of pay—
  1. Assistant Engineer—Rs. 350—25—500—30—590—EB—30—800—EB—30—830—35—900.
  2. Deputy Engineer-in-Charge—Rs. 400—400—450—30—600—35—670—EB—35—950.
- (e) Prospects of promotion to higher grades.
  1. *Assistant Engineers.*—All Assistant Engineers with a minimum service of three years in the grade are eligible for promotion to the grade of Deputy Engineer-in-Charge in the scale of Rs. 400—400—450—30—600—35—670—EB—35—950 by selection on merit against 75 per cent vacancies reserved for departmental promotion.
  2. *Deputy Engineers.*—The incumbent of the post of Deputy Engineer-in-Charge with a minimum service of three years in the grade of Deputy Engineer-in-Charge or Assistant Engineer is eligible for promotion to the post of Engineer-in-Charge (Scale: Rs. 700—40—1100—50/2—1250) in the Overseas Communications Service on the successful completion of the period of probation, which will be two years. The minimum service of three years in the case of officers directly recruited in the grade will be reckoned from the date of completion of training. The promotion to the grade of Engineer-in-Charge will be on the basis of selection on the recommendations of the D.P.C. as constituted for the post.
- (f) Any person appointed to the post of Deputy Engineer-in-Charge or Assistant Engineer shall, if so required, be liable to serve in any Defence Service or post in connection with the Defence of India, for a period of not less than four years including the period spent on training if any.

Provided that such person—

- (a) shall not be required to serve as aforesaid after the expiry of ten years from the date of appointment;
- (b) shall not ordinarily be required to serve as aforesaid after attaining the age of forty years.

NOTE.—The remaining conditions of service such as leave, travelling allowance on transfer/tour, joining time/joining time pay, medical facilities, travel concession, pension and gratuity control and discipline and conduct, etc. will be as applicable to other Central Government employees of similar status.

2. Engineers (Class I) in the Wireless, Planning and Coordination Wing and Monitoring Organisation, Department of Communications.

- (a) Scale of Pay Rs. 400—400—450—30—600—35—670—EB—35—950.
- (b) The incumbent of the post of Engineer is eligible for promotion against 50 per cent of the vacancies in the grade of Assistant Wireless Adviser, Wireless, Planning and Coordination Wing/Engineer-in-Charge, Monitoring Organisation (Scale of pay Rs. 700—40—1100—50/2—1250 plus Rs. 100 as special pay for the post of Assistant Wireless Adviser only) after putting in five years service in the Grade. Promotion to the grade of Assistant Wireless Adviser/Engineer-in-Charge will be on the basis of selection on the recommendations of the Departmental Promotion Committee as constituted for Class I posts.

All Assistant Wireless Advisers and Engineer-in-Charge with 5 years service in the grade of Assistant Wireless Adviser/Engineer-in-Charge are eligible for being considered for promotion as Deputy Wireless Adviser (Scale of Pay Rs. 1100—50—1400). The vacancies in the grade of Deputy Wireless Adviser are filled by promotion to the extent of 75% on the basis of selection on the recommendations of the D.P.C. as constituted for Class I posts. 25% of the vacancies in the grade of Deputy Wireless Adviser are filled by direct recruitment.

- (c) The person appointed to the post of Engineer is liable to be posted any where in India.
- (d) Any person appointed to the post of Engineer shall if so required, be liable to serve in any Defence Service or post connected with the Defence of India for a period of not less than four years, including the period spent on training, if any:

Provided that such person—

- (a) shall not be required to serve as aforesaid after the expiry of ten years from the date of appointment;
- (b) shall not ordinarily be required to serve as aforesaid after attaining the age of forty years.

3. Technical Officers (Class I) and Assistant Technical Officers (Class II) in the Department of Aviation, Ministry of Transport and Aviation.

- (a) Candidates selected for appointment will be appointed as probationers for a period of 2 years during which they will undergo practical training in accordance with the programme of training that may be prescribed from time to time. Those who are favourably reported upon and have passed any Departmental examination or examinations that may be prescribed will be appointed as temporary Technical Officers/Assistant Technical Officers. They will be considered for confirmation in the grade of Technical Officer/Assistant Technical Officer as and when permanent posts for their confirmation become available.
- (b) If in the opinion of Government the work or conduct of an officer on probation is unsatisfactory, or shows that he is unlikely to become efficient Government may discharge him forthwith.
- (c) On the conclusion of his period of probation, Government may confirm the officer in his appointment or if his work or conduct has in the opinion of the Government been unsatisfactory, Government may either discharge him from the Service or may extend his period of probation for such further period as Government may think fit.
- (d) If no action is taken by Government, under sub-rule (b) or (c) of this rule, the period after the prescribed period of probation shall be treated as an engagement from month to month, terminable on either side, on the expiration of one calendar month's notice in writing.
- (e) If the power to make appointments in the Service is delegated by Government to any officer, that Officer may exercise any of the powers of Government under this rule.
- (f) Officers recruited under these rules shall be eligible for leave, increment and pension in accordance with the rules for the time being in force and applicable to officers of the Central Government. They will also be eligible to join the Central Provident Fund in accordance with the rules regulating that Fund.
- (g) These officers shall be liable for transfer anywhere in India and for Field Service in and outside India during an emergency. They can also be asked to take up duties on board an aircraft in flight.
- (h) The relative seniority of officers appointed through the Engineering Services (Electronics) Examination will ordinarily be determined by the order of their merit in the Examination. Government of India, however, reserve the right of fixing the seniority at their discretion in individual cases.
- (i) Promotions of Technical Officers to the grade of Senior Technical Officers are dependent on the occurrence of vacancies in the latter grade and will be made on the basis of seniority-cum-fitness, from amongst those Technical Officers who have rendered a minimum of three years' service in the grade.

Promotions of Assistant Technical Officers to the grade of Technical Officers are dependent on the occurrence of vacancies in the latter grade and are made on the basis of selection on merit from amongst those Assistant Technical Officers who have rendered a minimum of three years' service in the grade. Only 50% vacancies in the grade of Technical Officers are earmarked for departmental promotion.

(j) These conditions of service are subject to revision according to the requirements of service. Candidates will not be entitled to any compensation if they are adversely affected by any changes in the conditions of service which may be introduced later on.

(k) The scales of pay for the posts of Technical Officer Assistant Technical Officer in the Department of Aviation are given below :

(i) Technical Officer (Class I) Rs. 400—400—450—30—600—35—670—EB—35—950.

(ii) Assistant Technical Officer (Class II) Rs. 350—25—500—30—590—EB—30—800—FB—30—830—35—900.

(1) Any person appointed to the post of Technical Officer or Assistant Technical Officer shall, if so required, be liable to serve in any Defence Service or post connected with the Defence of India, for a period of not less than four years including the period spent on training if any.

Provided that such person—

(a) shall not be required to serve as aforesaid after the expiry of ten years from the date of appointment;

(b) shall not ordinarily be required to serve as aforesaid after attaining the age of forty years.

4. Other posts under the Central Government carrying generally the following scales of pay :—

|          |    |             |
|----------|----|-------------|
| Class I  | .. | Rs. 400-950 |
| Class II | .. | Rs. 350-900 |
